Please consider joining friends of Ponderosa Student Ministries as we raise funds to reach students and their families, transform lives and our community through the power of the Gospel!

The most spiritually productive harvest field anywhere is among children. Statistics show that 84% of all who accept Christ do so between the ages of four and fourteen - when they are children!

Help us reach these students while we still can!

Please become a champion for the children! The students to whom we minister cannot support this work.

We must count on friends like you who will help us reach and disciple these students.
